ATTENTION MAITLAND BOULEVARD MOTORISTS

A NEW TRAFFIC SHIFT IS SCHEDULED FOR WESTBOUND MAITLAND BOULEVARD (STATE ROAD 414) BETWEEN STATE ROAD 434 AND INTERSTATE 4 (I-4) IN EARLY OCTOBER.

This long-term traffic pattern of approximately 1.25 miles in length will relocate the westbound lanes to new pavement south of the existing traffic lanes. The new traffic pattern is necessary for the reconstruction of Maitland Boulevard. Exact date of the ramp closure will be available on i4Ultimate.com/alertsmap.

Motorists should be aware that modifications or extensions to this schedule may become necessary due to weather delays or other unforeseen conditions. Motorists are advised to maintain a safe speed when driving in this vicinity through the work zone.
