## WESTBOUND I-4 TRAFFIC PACING OPERATION FROM MAITLAND BOULEVARD TO S.R. 408

Traffic pacing operations on westbound Interstate 4 (I-4) from Maitland Boulevard (State Road 414) to State Road (S.R.) 408 are scheduled between 12 a.m. and 5 a.m. on October 2-4. To ensure no vehicles jump ahead of the traffic pacing operation, westbound I-4 entrance ramps will be temporarily blocked by law enforcement officers. As the pace car passes an interchange, its westbound I-4 entrance ramp will be reopened allowing motorists to enter and join the slow roll. The traffic pacing operation and temporary closures of westbound I-4 entrance ramps create a 30-minute window for crews to place girders for new S.R. 408 bridges over I-4. Multiple traffic pacing operations are scheduled to occur each night. Public safety vehicles (law enforcement, fire rescue, etc.) are permitted to skip past the slow roll to respond to an emergency call. A detour of eastbound I-4 (see other side of handout) from Gore Street to S.R. 408 will occur between 12 a.m. and 5 a.m. on the same nights to aid in the bridge construction.
